The Waikerie General Medical Practice strives to provide excellent quality health care to all patients who require treatment or medical advice, regardless of background, race, colour or religion.

Our team of professionals are committed to an environment of caring and excellence and respect the rights and needs of all patients and individuals and aim to uphold and fulfill them.

MEDICARE REBATES

As of July 1st 2016, Medicare will no longer be sending out medicare cheques for your rebate. You will need to supply your BSB and Bank Account details to Medicare. Your rebate will then automatically go straight into your bank account. Please ask our reception staff if you have any queries.

MY HEALTH RECORD

My Health Record is the new name of the national digital health record system. Having a My Health Record means your important health information like allergies, medical conditions and treatments, medicine details, test or scan reports can be digitally stored in one place.

Health Care Providers like doctors, specialists and hospital staff may be able to see it online from anywhere at any time when they need to, like in an accident or emergency.

My Health Record is protected and regulated by law, just like online banking.

NURSING SERVICES

Treatment Room: Nurses are available between the hours of 9.00am and 5.00pm Monday to Friday.

Bookings are necessary for procedures performed by the nurse. When booking an appointment with the nurse please advise reception which procedure you require. This will allow for the appropriate time required for the procedure. A \$5.00 fee applies to procedures referred from other Health Professionals or Practices.

Results: A nurse will be available for results by phone or visiting the surgery between the hours of **3.30pm and 5.00pm Monday to Friday**. Urgent results will be given by the nurse at any time provided they are not too busy.

Blood Tests: Blood tests are taken at the SA Pathology Patient Collection Centre located at the rear of the Waikerie Medical Centre from 8.30am to 12.30pm (Monday to Friday). No appointment is necessary. A pathology form from the doctor is required.

Immunization: An immunization clinic is held every 2nd & 4th Tuesday of the month at the Waikerie Medical Centre. You must book in for the clinic and your appointment will be directly billed to Medicare. The vaccinations are administered by a doctor.

Flu Vaccinations: A weekly clinic is held for flu vaccinations towards the end of March annually. Appointments can be made by phoning reception early March.

Diabetes Clinic: A diabetes clinic is held regularly & is available to any persons with diagnosed diabetes. Please book an appointment at reception.

Asthma Clinic: An asthma clinic is held regularly & is available to any persons with diagnosed asthma. Please book an appointment at reception.

Cardiac Clinic: A cardiac rehab clinic is held regularly & is available to any persons with diagnosed cardiac problems. Please book an appointment at reception.

Recall reminder system: A recall system is available if you choose to participate in this service.

SKIN CANCER CLINIC: Dr Raphael Torome visits the Medical Centre fortnightly. Please contact Waikerie Medical Centre for bookings.

Funded by the Australian Government, after hours GP helpline is free (on landlines and some mobile phones) and provides you with access to a GP at night, on weekends and public holidays.

When your GP is not available and you have a health concern, call the after hours GP helpline for medical advice and peace of mind. You will receive advice on what to do about your health concern and where to go if you need face-to-face care.

When you call the after hours GP helpline, a registered nurse will complete an assessment and based on your symptoms the nurse may offer you a call back from a GP. The GP will contact you within 15 minutes or 1 hour depending on the severity and urgency of your health issue.

Call healthdirect on 1800 022 222 to access a GP.

The after hours GP helpline is not a substitute for face to face after hours care for those people who need it.

We are a government funded gateway, providing quality approved health information.

MANAGEMENT OF YOUR PERSONAL HEALTH INFORMATION

Your Medical record is a confidential document. It is the policy of this practice to maintain security of personal health information at all times & ensure that this information is only available to authorized members of staff.

You may have noticed we often run late...

Being late is annoying for patients and stressful for staff and doctor. We are keen to fix our continual lateness. One of the problems is that our consultations are running over time. Just 4 minutes extra per consultation means that the doctor is 1 hour late at the end of the morning! *You can help by.....*Being aware that your time with the doctor will be about 12 to 15 minutes. Being understanding if the doctor suggests you come back to address remaining issues (perhaps make a list of your current health concerns to share with the doctor and number them in order of urgency).

The Waikerie Medical Centre endeavors to provide high quality General Practice Medical care. A wide range of services are available at both the Waikerie Medical Centre & Waikerie Hospital.

ACCESS TO PERSONAL INFORMATION

You have the right to access and correct your personal information. Our practice acknowledges patients may request access to their medical records. We require you to put this request in writing addressed to the Practice Manager and our practice will respond within a reasonable time (usually within 30 days). A charge will apply for this service which is not Medicare claimable. You will be advised of the charge at the time

ABUSIVE BEHAVIOUR

This surgery has a **ZERO** tolerance to any abuse that may arise, be it directed at the doctor or Staff. Any abuse will disqualify you from further medical care. The only exception is a life-threatening emergency. These actions have the full support of the Medical Board of SA.

PATIENT FEEDBACK/COMPLAINTS

Your feedback is important to our Practice. We always welcome any constructive comments or suggestions. Our staff are here to help you, so please don't hesitate to ask for assistance. Should you have any concerns or issues please address them in writing to your doctor or the Practice Manager. We take your concerns, suggestions & complaints seriously.

External complaints: If you wish to direct a complaint about the Practice to an external body, it can be forwarded to:
