

# To Our Hospital Outpatients

The doctors of the Waikerie General Medical Practice provide emergency only consultations in the Waikerie Hospital, but are not employed by the Hospital.

Before you come in:

Help us to help you. Except in emergency situations, please ring the Hospital before leaving home to arrange the best time to come.

On arrival here:

- The Nursing Staff will assess the urgency of your problem and may notify the duty doctor.
- You will be seen as soon as practicable, but if your problem is not urgent, you may be asked to return for one of the doctors regular sessions.

After completion of your visit:

- Any further follow up will be arranged
- You are expected to pay for the service before leaving. The Practice does not bulk bill, except under exceptional circumstances. Assistance will be given in claiming your rebate from Medicare. Fees can be paid by cash, Visa or Mastercard.
